ABOUT ME

International Business student specializing in digital marketing, with skills spanning social media marketing, content creation, market research, and data analytics. Comfortable using AI tools and Canva to produce engaging content efficiently, with a cross-cultural, detail-oriented approach to connecting brands with audiences.

RELEVANT EXPERIENCE

Freelance Marketing & Content Creator

- Managed social media presence for a family owned business, planning and posting content to grow audience engagement
- Wrote copy and content for social media posts and promotional materials tailored to the business's target audience
- Designed graphics and visual content using Canva to support branding and social media campaigns
- Applied basic market research to understand the target audience and adjust content strategy accordingly

Academic Projects, North South University

- Developed and presented marketing strategy proposals for coursework, applying market research, consumer trend analysis, and international marketing principles in team settings
